GENERAL INFORMATION:

PRE-BLENDING OR TANK MIXING RATES: LIQUID FERTILIZERS

If mixing with liquid fertilizer or herbicides, perform a Jar Test to assure compatibility with different mixtures of chemicals. It is typically recommended to mix in the following order: fertilizers, chemicals, water and **PROMINENCE**. Do not mix with fungicides. Liquid Fertilizers in the pH range of 5 to 9 are compatible with **PROMINENCE**.

IMPREGNATION RATES FOR DRY FERTILIZERS

Recommended rate range is 2 to 8 pints of **PROMINENCE** per ton of dry fertilizer depending on makeup of dry fertilizer blend. Blends that contain both potassium and phosphate inputs will absorb more **PROMINENCE** than those made from a higher percentage of Urea. Higher Rates of impregnation are possible when fertilizer handling systems are capable of adding drying clay. Contact ALTITUDE CROP INNOVATIONS, LLC for specific information.

TARGET RATE IS 6-8 PINTS PER TON OF DRY FERTILIZER BLEND.

APPLICATION RATE PER ACRE:

Starter Fertilizer or Side Dress Fertilizer: 1 to 2 pints per acre of **PROMINENCE**

Broadcast: 2 to 6 pints per acre of **PROMINENCE**

Apply 1 to 4 times per growing season for best results.

RATES FOR MANURE APPLICATION

PROMINENCE can be injected into tank (Honey Wagon) during fill process or injected directly into line in systems where an umbilical cord is in use.

PROMINENCE Application rate per acre: Broadcast @ 3 to 6 pints per 5,000 gallons of manure.

STORAGE AND HANDLING:

Store product in original container with cap tightly secured. Store in a cool area (40 °F – 110 °F) out of direct sunlight.

WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES:

ALTITUDE CROP INNOVATIONS, LLC warrants only that this product conforms to the product description on the label and is reasonably fit for the purposes stated in the Directions For Use. The Directions for Use of this product are believed to be adequate and must be followed carefully. It is, however, impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to such factors as weather conditions, presence or absence of other materials, or the manner or use or application, all of which are beyond the control of ALTITUDE CROP INNOVATIONS, LLC. All such risks must be assumed by the buyer or user. Except as warranted on this label, ALTITUDE CROP INNOVATIONS, LLC makes no representation, warranty or guarantee, whether expressed or implied including, but not limited to, warranty of merchantability, fitness for a particular purpose, or otherwise. No agent or representative of ALTITUDE CROP INNOVATIONS, LLC or the seller of the product is authorized to amend the terms of this Warranty disclaimer or the product's label or to make a representation or recommendation different or inconsistent with the label of this product. To the extent consistent with applicable law, ALTITUDE CROP INNOVATIONS, LLC's maximum liability for breach of its warranty or for use of this product, regardless of the form of action, shall not exceed the purchase price of this product. To the extent permitted by applicable law, ALTITUDE CROP INNOVATIONS, LLC shall not be liable for consequential, special or indirect damages resulting from the use, handling, application, storage, or disposal of this product or for damages in the nature of penalties, and the buyer and the user waive any right that they may have to such damages. If the warranty and liability limitations or disclaimer are not acceptable, return the unopened container to the place of purchase for full refund. To the extent not inconsistent with applicable law or the label, the purchase, delivery, acceptance and use of this product by the buyer is subject to the terms and conditions of seller's sales invoice for this product.
