

ALTITUDE™ TANK CLEANER

PRINCIPAL FUNCTIONING AGENTS:

Anionic and Nonionic Surfactants, Sequestering Agents and Other Functional Ingredients.....100%

TOTAL:.....100%

All ingredients are exempt from tolerance under 40 CFR 180.

DANGER

HAZARD STATEMENTS

Causes severe skin burns and eye damage.

Causes serious eye damage.

PRECAUTIONARY STATEMENTS

General:

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Read label before use.

Prevention:

Do not breathe dust/fume/gas/mist/vapours/spray.

Wash hands, face and other affected areas thoroughly after handling.

Wear protective gloves/protective clothing/eye protection/face protection.

Response:

IF SWALLOWED: rinse mouth. Do NOT induce vomiting.

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

Wash contaminated clothing before reuse.

IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing.

Immediately call a POISON CENTER or doctor/physician.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Storage:

Store locked up.

Disposal:

Dispose of contents/container to Local, State and Federal Regulations.

NET CONTENTS: 1 Gal (3.785 L)

Eye contact with product may cause burns and irritation. Avoid eye contact with product at all times. Effects of skin contact may include burns and irritation. Avoid prolonged and unnecessary skin contact with product. May cause burning pain in mouth, throat and abdomen and coughing and constriction of the throat, followed by nausea, vomiting, and diarrhea. Do not taste or swallow product. Not expected to be an inhalation hazard, but may cause irritation to some individuals.

ADDITIONAL FIRST AID

Call a poison control center or doctor immediately for treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a poison control center or doctor, or going for treatment.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

GENERAL INFORMATION

ALTITUDE TANK CLEANER is a powerful superior grade spray tank cleaner. ALTITUDE TANK CLEANER will clean, rinse and emulsify pesticide and adjuvant residues and bond them to the rinse solution to allow for complete rinsing and system purging with ordinary water. ALTITUDE TANK CLEANER is tolerant to hard water that causes spray tanks to accumulate high levels of residue. ALTITUDE TANK CLEANER is soluble and compatible with most spray tank materials. ALTITUDE TANK CLEANER solubilizes acid residues of pesticides, preparing the spray tank for the use of other products. Solubilization of residue spray materials will prevent damage from occurring to non-target plants.

DIRECTIONS FOR USE

Large Volume Sprayers: ALTITUDE TANK CLEANER is effective at dilution rates up to 1:400. One quart of ALTITUDE TANK CLEANER will treat up to 100 gallons of water. Adjust the dilution rate as needed for individual conditions. Each cleaning situation will vary and adjustments will be necessary. Be certain to circulate ALTITUDE TANK CLEANER treated solution through the spray system for 5-10 minutes. Use a high pressure sprayer or hose to rinse all interior areas and spray tank walls. Purge hoses, spray lines and nozzles for approximately one minute. After cleaning, drain system and rinse all tank and spray areas.

Hand-Held and Back-Pack Sprayers: Use approximately one ounce of ALTITUDE TANK CLEANER per gallon of water, agitate thoroughly, drain and follow with a clean water rinse.

Special precaution and rinsate testing: The use of ALTITUDE TANK CLEANER or other Tank Cleaners does not guarantee removal and neutralization of all residues. Some pesticides, such as 2, 4-D and dicamba, may leave persistent or hard-to-remove residues. Many variables exist which make consistent tank cleaning difficult (i.e., water quality, use of cleaning equipment, quantity and type of residue, age and condition of spray tank, spray lines, nozzles etc.). In

order to ensure that all residues have been removed, apply a sample of the rinse water to sensitive plants (tomato, cotton, ornamentals, etc.) and after sufficient time, observe for wilting or severe stress. If stress occurs, repeat cleaning process and retest as above.

* ALTITUDE TANK CLEANER is DuPont and Syngenta tested and approved.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage and disposal. Protect From Freezing. Store above 32° F (0°C). Do not store near strong oxidizing materials, acids, chlorine. Do not reuse empty container.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) adding rinsate to mix tank. Decontaminated containers may be disposed of in a sanitary landfill or by recycling. Recycling is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

WARRANTY STATEMENT

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
